2021

Dear Pastor and Church Family,

The Lord showed Himself mightily in our lives during the months of August and September. First, God allowed us to move to Princeton, New Jersey, to serve in Kendall Park Baptist Church. Then, at the beginning of September, we attended the Missions Conference at Victory Baptist Church in Darlington, South Carolina. It was a great week of fellowship with previous classmates on deputation to the countries God has called them to serve.

The love gift that the church gave has enabled Candace and me to plan for another survey trip to the United Kingdom. **Candace and I will be going to the United Kingdom from December 11-21 of this year!** Candace has not been to the UK yet, and this will be my third time! We are excited to see what God will do on this trip. The main goal of this trip is to allow Candace to see England, catch a greater burden for the people, and be better prepared to bring our children for a trip next year. We will visit London, Oxford, Brimpton, York, and Canterbury. We still believe the Lord is directing us to serve in the northern region of England, where there is a dearth of Bible-believing churches. We want to continue building relationships and meeting partners in the Gospel, seeking God's direction for a specific location, and gathering information about that place to bring my family there to live one day.

We are looking for those who believe in the Great Commission and Candace and me. Will you take a moment and pray for us right now? Will you ask God for His protection on my family and me? Will you pray that God will supply us with the funds needed for this trip? Will you ask God if He could use you to help us?

Sincerely,
Christopher and Candace Beane
