NEWLIFE *In Peru*

WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS
SENT BY: FAITH BAPTIST CHURCHTAYLORS, SC .

In the work God has accomplished...

"For of him, and through him, and to him, are all things: to whom be glory for ever. Amen."

Romans 11:36

We are approaching the two-year mark of our deputation ministry. The churches and individuals we have met, and now co-labor with, have greatly impacted in our lives. As they make decisions and work out their own calling, we are confident that our ministry and work is not in vain. This prayer letter contains a few of their examples. Pray for them too.

✠ Faithful is He that calleth you. ✠

WHAT IS BEING DONE ?

- A young father has submitted to the call to be an Evangelist. He needs prayer as he goes back to school in order to prepare. We can relate with him.
- God touched the hearts of six to ten young people in TN after Rose Marie gave her testimony and I preached a message from I Tim. 4:12.
- A supporting church in Arizona not only sends missionaries, they go along. Pray for every ministry, because we are part of their labor as they are part of ours.
- Since the death of Rose Marie's sister, Gloria, on February, 29, We have been able to present the Gospel to the family more freely.
- We are excited for a team of U.S. high school seniors who have planned a missions trip to Peru with us in 2013.
- We can praise God together for **68%** of our support and pray for the remaining **32%** yet to be committed.

ON THE PERSONAL FRONT:

☑ Thank you for your prayer and financial support.

☑ Our home has had an uptick of 'lookers.' Pray for God to bring the right buyer.

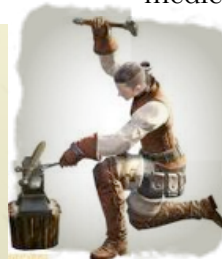

☑ On April 1, our van's transmission failed. The Lord is already supplying gifts to repay the loan to rebuilt it. If God touches your heart to help with the expense please contact WWNTBM.

☑ Rose Marie has a special prayer concern; On April 15, a *Thyroid Storm* sent her to an Emergency Room in Colorado. Her blood pressure spiked at 202/97. She is currently under medication to control it.

Iron Age-less

As archeology identifies periods of civilization by its metallurgy, iron is quite temporal.

As versatile and "Ironclad" as an object was when it was forged, time takes its toll. But...in Heaven, neither moth

nor rust doth corrupt. Pray for 'that enduring treasure' And that we get to Peru soon. Time presses on.
