### *KEEPING IN TOUCH, JULY 2017...*

Dear Friends,

Psalm 16:11, *"Thou wilt shew me the path of life: in thy presence is fulness of joy; at thy right hand there are pleasures for evermore."*

Just a few brief notes.

Recently did my 6 month checkup on my pulmonary embolism. Trying to find out what caused the clots in my leg that lodged in my heart and lungs. Nothing conclusive except that since I had fairly large clots, I would be at a bad risk for repeat problems with them, so... I will probably have to stay on warfarin for life.

Keeping busy at church. Pastor asked me to head up mission's emphasis once a month. We support 14. Each time we skype the missionary of the month. I make up an informative sheet each time with all the information that I can get from internet. Also showing exactly where in the world they are. Then a brief study on God's global plan of missions.

Enjoyed the visit of grandson David and his wife Rachel for a couple days. They are home on a brief furlough looking to raise some more support.

He tells me that the church in Irun, Spain, is doing well and almost full at times. The photo includes many of the folk that are attending now.

Again, thank you for your support and prayers for the ministry in Spain over all these years.

God bless,

Al & Helga
