Memories of the retreat are still fresh! There is lots of chatting between missionary teens still happening and Facebook pics continue to produce comments. Already there are questions being asked about the next MTR!

We thank God for His goodness in giving us yet another fantastic retreat. The sessions during the day by Dr. Garlock were excellent and in the evening Miss Anne Dreisbach's personal stories about her ministry in Surinam held us all in wonder at the Lord's wisdom and grace.

We are also grateful to the Lord for protecting Dr. Garlock in Haiti during the earthquake. AB
