

BONIKOWSKY

BAPTIST CHURCH PLANTING MISSIONARIES IN THE BASQUE REGION OF NORTHERN SPAIN

Highlights

- On the 21 of April, **Wilmer Montes** was baptized. He is growing in the Lord and looking forward to a **June 22nd wedding** with **Nely García**.
- We are praising the Lord for a wonderful first **Spanish & Hispanic pastors retreat** during May 1-4. Visiting preacher **Ezequiel Salazar** brought some challenging and encouraging messages for these young leaders.
- We enjoyed the visit of two men from **Brookside BC**, in Brookfield, WI. They came to plan for a large construction team scheduled to work at **Aierdi** in September.
- On the right, you can see a picture of our **29th intensive institute**. We had about 90 believers in for the full day of teaching on **Nehemiah**.
- In the Beasain services yesterday, we had an unsaved Cuban man by the name of **Lazaro**. He listened intently and assured us of coming back. Pray for his soul, that next time we'll be able to share about his conversion to Christ!
- **Ethan and Rachel** recently announced that we are grandparents! The little one is due to be born on December 5th.

☺ The next three weeks are going to be really busy ones. Thank you for praying for us as we face the exciting challenges God gives.

☺ Tomorrow (28th) we welcome **Jordan Phillips**, a young lady who will be serving here for a month.

☺ On Thursday (30th) we receive a team of 11 from a **Bible institute in Hermosillo, Mexico**. They will be distributing literature and

witnessing on the streets of several target cities.

☺ On Friday (31st) a church mission team from **Peoples BC** in Frederick, MD, arrives for 10 days. This is the 5th team **Dave Corseilus** has brought from that church.

☺ On the 13th of June, five young ladies from the States will bless our ministries with special music. So, thank you again for your prayers!

WILMER'S BAPTISM. Since we do not have a baptistry in Beasain, we always baptize at my parents' church in Irún. It is a special occasion for the congregation, and we end the evening with the Lord's Supper and fellowship time.

VEHICLE REPLACEMENT. After several months of research, we were able to purchase this 2008 Honda to replace the van that was totaled in February. It is a 4 wheel drive and should be a perfect fit for the ministry here.

NEED FOR A BUILDING. As you can see in the picture, our Sunday morning services are usually packed to capacity in Beasain. For years, we have prayed and looked for another place, and continue to trust the Lord for His choice.
