Nikki's Notes

Ever since December 12th, we've had the privilege of having Matt's parents here with us. Not only has it been special to have family here during Christmas, but it was made "extra special" by them being here for the birth of Judah Lee. Matt's dad, Kevin, had to leave shortly after Christmas, but our prayers were answered when Judah came before Kevin's departure. Matt's mom, Michelle, has been able to stay a few extra weeks to help us get settled back into our new normal life. Both of them sacrificed a lot of time from their home lives and other children to be here with us. However, Matt and I, along with all of our kids, are very thankful to have had Grandma and Grandpa here. They will definitely be missed.

Prayer Requests

- Health and safety
- Salvation of Bunteoun & Riem, Meng Hong, Sak, Net, Srah
- Factory Outreach Project

Faithful Friends, Family, and Supporters,

Happy New Year 2017! A new year is always an exciting time to start anew in the Lord's work. We are excited about the path ahead and also excited to share some special blessings from this past month.

Judah Lee Brown

We had a very special Christmas this year - our third child, Judah Lee was born on December 25th! Although he came a few weeks early, the Lord protected the health of both Nikki and Judah.

Obviously, we weren't able to be too involved with the special Christmas program at the church, but services went very well under the leadership of our ministry partners. Several visitors came, including Net and Bunteoun, two men we have been witnessing to regularly. Please pray that the Lord will continue to work in their hearts, as well as others who visited.

Please be in prayer for a single mother named Srah that we met out soul-winning. Recently she has begun coming to church services and sending her children to the Sunday Bible club. Previous exposure to the Gospel has made her receptive, but there is need for repentance and true understanding in her life.

In the last part of this month (January), we are planning to do some special outreach at some nearby factories. These factories are in a rural area, and most of the workers are villagers who are brought in from small farming communities. We will be distributing media, including the testimony recordings we made recently, and witnessing to workers as they change shifts. Several thousand people work at these factories - please pray that the Lord will use this effort to create opportunities and bring souls to salvation.

For His Name's Sake,

The Brown Family
