Nikki's Notes

During our time of furlough, many of our supporting churches decided to raise funds for specific appliances we needed/wanted for our return. Because of your gracious gifts, we've been able to purchase a refrigerator, a washing machine, an oven, air conditioners for two rooms, and a hot water heater for the shower. While I know it would be possible to live without these things, it sure makes life more simple and I am SO thankful for your generosity!

Prayer Requests

- Move to Memot
- Safety in travel
- Spiritual strength
- New relationships

Faithful Friends, Family, and Supporters,

Hello from Cambodia! We praise the Lord for a safe and smooth trip back and for a good transition back to Cambodia so far. After spending almost a whole week searching for a suitable place to live in Memot, we believe that we have found a great location and plan to finalize arrangements for renting it this next week. This was a huge prayer request and we are so thankful that God has provided a place for us there in Memot.

House Hunting

Another big prayer request we had was for a vehicle, and God has also answered that prayer. Through the generosity of many, we have purchased a used pickup truck that we will be able to use in getting to and from our place of ministry. We thank God for so many who have given and prayed back in the States, and for the kind missionary friends here in Cambodia who have helped us immensely in all the logistics of a big move like this. It has also been a blessing to have my mother here with us for our first month, and she has been a great help as well.

While house hunting in Memot, we once again asked people about the state of Christianity in the city. We actually met a Cambodian pastor who lives in the city but ministers in a village several kilometers away from the town who told us that there is still no church in the city. There is a tremendous need and we covet your prayers for spiritual strength as we move in and begin our efforts to make the gospel known in this dark corner of Cambodia.
