Nikki's Notes

All this transition lately had me

concerned about how the kids might respond. From moving to a new house, leaving behind old friends, to flying to America and reconnecting with people here we knew it could be difficult for the kids to process. However, because of your prayers and the Lord's loving-kindness, the kids have done an excellent job with all the adjustments!

When we arrived to America we came to a room that had two dressers and a closet full of winter clothes and shoes for the kids as well as a room full of winter maternity clothes for me! How blessed we are to have such loving friends and family to provide this need for us! Thank you all so much for caring for this need!

Faithful Friends, Family, and Supporters,

Thanks to all who prayed for our trip back to the US! No international trip with small children is without its challenges, but we thank the Lord for a smooth trip and good transition back to American life. We have enjoyed reconnecting with family, friends, and churches, as well as getting medical details sorted out for our upcoming child.

Please continue to pray for a healthy pregnancy and delivery, as well as wisdom as we try to get help for Nikki's other health issues.

During our last month in Cambodia, we were able to hold kids' Bible clubs in two locations, and have an open door to continue when we return. The radio ministry continues to broadcast, and we were actually able to expand from only playing on weekends to broadcasting every day of the week! We're thankful for this opportunity and pray that God will use it in our absence.

International travels

As Christmas approaches, we are so thankful for our Lord Jesus Christ and His willingness to leave the glory of Heaven and live in our sin-cursed world. May the Lord bless you as you celebrate His birth and have opportunity to share the truth about His coming this Christmas season.

For His Name's Sake,
The Brown Family
Romans 15:20-21

Prayer Requests

- Safe pregnancy and delivery
- Health issues
- "Light of Life" radio program
