## Nikki's Notes

One of the sweetest moments of our most recent baptism service is that our little Judah was baptized. He made a profession of faith a long while back and has wanted to be baptized, so this was the perfect opportunity. Each one of our three oldest have had different experiences with their baptisms. Judah's included going to a creek that is set off from a cashew plantation. The water was too murky to see what was in it, but later Judah said, "Daddy, when I was in the water something was tickling me!" The rest of the day both he and his daddy were quite itchy. Definitely made the day more memorable! Haha!

Faithful Friends, Family, and Supporters,

What an eventful couple of months we have had! After two weeks teaching the gospel to the wife and son of Khak (the man reached through the radio program), both placed their faith in Christ! The whole family is filled with joy and desire to follow the Lord. In December, we took a group from the church here and had a joyous baptism service beside a creek near Khak's house. Please pray for the continued growth of this dear family, and for their efforts to witness to relatives and neighbors.

Baptism in Snuol District

Our biggest outreach event of the year is our annual Christmas service, and this year was the biggest yet. Over 150 people showed up to hear the Christmas music, watch the children's pageant, hear clear presentations of the gospel, and eat curry together. We were very excited to see several people visit with whom we have been working for some time and for whom many of you have been praying. These included Trop, Tieng Ly, Chia, and Khak and his family, as well as numbers of others that we have been sharing the gospel with. Please pray for us as we follow up with the visitors from the Christmas program.

Christmas Service 2023

Also, please pray for us as we seek God's leading and vision for the new year ahead!
