Nikki's Notes

When we first moved to Memot, I asked Matt everyday if he was sure this is where God wanted us to be. Matt had a very clear leading from the Lord to Memot and was able to assure me that we were meant to be here. "How long do you think we will stay?" I would ask. "Until we've given everyone here the gospel," he would reply. I would then urge him to hurry up and tell people so we could leave! Now, nearly 5 years later, the Lord has opened the door for us to build our own house. We prayed for this and the Lord has given us the desires of our hearts. Isn't it amazing how the Lord works? Thank you for praying for our family!

Faithful Friends, Family, and Supporters,

We are so thankful for your faithful prayers on behalf of our family and on behalf of God's work here in Cambodia. It is always exciting to see His hand at work. This last month, we started a weekly prayer meeting for the church and have been so blessed by the good turnout and by the many specific answers to prayer that the church members here are seeing in their lives! What a wonderful privilege we have to be able to take our petitions to the Lord.

One exciting specific answer to prayer had to do with our ongoing house construction. Drilling a well was the first step, and our neighbor's brother has a well-digging business. On his first try, however, he was only able to get a very small amount of water and informed me that the entire area lacks water. After trying to make do for a couple of days, we realized we would need to drill a new well. This time, while he was drilling, we took a group from the church up to the worksite. We saw the offerings they had made that morning to the spirits of the land, but we told them that we were going to pray to Jesus for water. Within a few hours, strong, clean water was spraying out of the well!

Please be in prayer for our church's special ladies' meeting on the 8th, which Nikki will be hosting and speaking at. Also, please pray for a young man named Sok Lieng. He has heard and understands the gospel, but cultural obligations to his ancestors are holding him back from believing. May the Lord help him to understand what is most important.

For His Name's Sake,
The Brown Family
