Nikki's Notes

We had a unique opportunity this past month to counsel two young people just before their wedding. The groom has been a Christian for many years, but had been engaged to a young lady whose family is Buddhist. Shortly before the wedding a family member of the groom led the bride to Christ. Although many Buddhist traditions are carried out in a traditional wedding, they wanted to hold strong to their new faith in Christ. Not only were several tables full of Christians able to attend the wedding, but we were able to present a Bible to the new couple. Please pray for Heng and Neet to grow in the Lord, as they have returned to the capital.

Faithful Friends, Family, and Supporters,

By the time you receive this, we will be in the air or in the US! It is finally furlough time, and we are excited for this time to reconnect with family and our many faithful supporters. Please pray for our adjustment back to America, and for our many travels. If we aren't yet scheduled to be with you, please reach out and we will find a time to see you in person and give you an update.

Much of the past month was taken up with preparations for our annual Christmas program. This is our biggest outreach event every year, and was held on December 22. Our new location is a little smaller than our previous place, but we still had over 100 in attendance in the main service, where the many unsaved guests saw a Christmas pageant, heard a gospel message and songs about the Savior's birth, as well as the testimonies of some of the believers here. It was a joyful time and a wonderful opportunity to create new relationships and deepen existing ones. One of the guests was the older brother of one of our members. His name is Sawm, and he has recently experienced many difficulties in his life. Through it all, his brother has been witnessing to him, and Sawm came to the church for the first time for the Christmas program. Since then, he has been coming back consistently to services and has professed faith in Christ! Please pray for this man, the other believers in Memot, and the Hancock family, who are caring for the work in our absence.
