## Nikki's Notes

We have sure been missing our Cambodian home the last few months. We had the exciting opportunity to visit a Cambodian restaurant when we were in Philadelphia not too long ago. There's an entire street devoted to restaurants and shops, all run by Cambodians! They were so thrilled when we started speaking to them in Khmer and even more excited when our kids spoke. Our time there was short, but we were so thankful to have this taste of "home" while in America.

Faithful Friends, Family, and Supporters,

What a busy couple of months we have had! Furlough travels have kept us on the move, and throughout March and April we were part of four missions conferences and gave updates in nine other churches. It's such a blessing to have this strong base of support behind us as we do the Lord's work, and the church members and pastors have been so kind to us. In the midst of it all, we were also able to go to our mission agency's annual Family Week for some great fellowship and encouragement. Additionally, we got to attend the Crown Bible Conference at our alma mater. We have been stirred up and encouraged through all of these meetings. Please pray for our safety in our continued travels, and that God will use us to be an encouragement and a challenge to the churches in which we have the privilege to minister.

Giving a ministry update

We have been getting great reports from Cambodia of visitors attending the services! Unsaved family members of some of the church folks have come, as well as a man who has been out of church for many years. Some of the new believers have been expressing interest in baptism, which is a huge step in Cambodia, since it publicly shows a commitment to Christ. Please pray for the continuing ministry of Good News Baptist Church of Memot and for the important decisions being made.
