Nikki's Notes

One of the most special weeks we've had in America thus far was VBS at our home church. Matt and I got to help with the 2nd grade class where we had the opportunity to lead a few children to the Lord. Our own kids were able to be involved in their classes and they loved every minute of it. From the preaching and singing to the crafts and games, this was a special treat that I'm so thankful our kids got to participate in. This is something we hate to miss each year, but the fact we got to be here this year for it made it extra special!

Prayer Requests

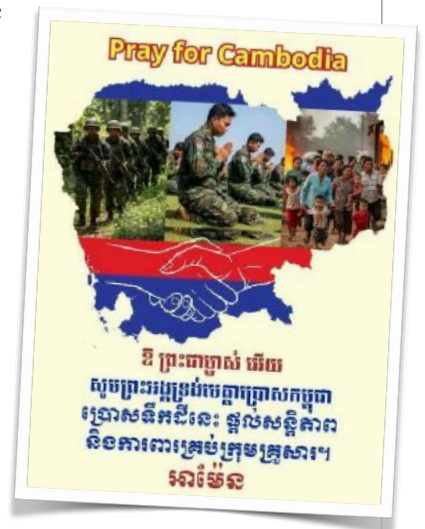

- Furlough travels
- Light of Life Radio Broadcast
- Spiritual growth - Sara, Sarun, Trop, Sok Leang, Chan-tawn, Vuthy, Sawm
- Peace between Thailand and Cambodia

Faithful Friends, Family, and Supporters,

Furlough is flying by! We're very thankful for God's protection over us (and hand upon our vehicle) over thousands of miles. We are thankful for the chance to reconnect with many dear churches that have been supporting us over the course of our ministry in Cambodia. We are thankful for some new churches that have chosen to take us on and have a part in this work. We are thankful for souls that we have seen saved through the preaching of God's Word in churches around America, as well as opportunities to personally lead some young people to Christ. And we are thankful that we have just 3 months in America before we head back to the field! Over these next few months we still have much travel, so please pray for continued safety on the road, and that the Lord will continue to save souls and call out laborers.

Please pray at this time for the political situation in Southeast Asia. Over the last couple of weeks, there has been a series of border clashes between Thailand and Cambodia. The fighting has left many dead and many more displaced. Although there is currently a ceasefire, tensions remain high. We ask you to pray for those affected by the war on both sides, and that a permanent peace can be reached.

For His Name's Sake,
The Brown Family
