

We have a building!!!

September 2018

Dear Pastors, Friends, & Family,

I am excited to announce that we have reached a contract agreement on this building! It is on a main road where thousands of people pass by every day and across from where there will be a brand new hospital in the next few years. It is a great location for us! As you can see, it will take some work to get set up and some clean up. The major things that we will have to do will be close in a wall and take out a small wall to make an auditorium and then replace the flooring in the auditorium. We will also need to remodel a bathroom, add in some walls for offices/classrooms, and make a doorway into the auditorium. Some of you have asked about the cost of getting into the building. I estimate that it will cost somewhere between \$8,000 and \$12,000 to do the above mentioned projects along with a few other things. The other major cost will be putting in air conditioners/heaters. Here in Mallorca a lot of buildings have you buy your own equipment, and then you take them with you if you move to another building. This will cost between \$5,000 and \$7,000.

We are very excited about the next few months and trying to get the building ready so we can hold our first service! Please pray with us that God will provide the finances, people, and wisdom needed.

Thank you for your prayers and support,
Markie Bullock
