

October 2019

Dear Pastors, Friends, & Family,

Good morning from beautiful Palma de Mallorca. I know some of you are having snow already and others are still in the 90's. So, I hate to rub it in, but the weather here right now is perfect! We still drive or walk around and say, "Can you believe God called us here?" We really love where God has called us. One of the things we love about the island is the diversity. Last Sunday, we had eleven people in attendance. Of the eleven, we had us four Americans (Nick and Sam were born in Mexico), four Filipinos, and another family: he is from Brazil, we think she is from Peru, and the baby was born here in Spain.

However, that is not the most exciting thing. That same Sunday I preached a very specific salvation message. I knew Eli's wife, Jelisa, and her friend, Rosalie, would be there. They have become very faithful, but had not yet accepted Christ as their Savior. After the service, nothing happened, but during the week I got a text from Eli saying that his wife got saved! We are still praying for Rosalie, but I can see her thinking when I am preaching. Please pray with us for her salvation. Also, it has been exciting that Eli has been out soul winning with us the last several weeks. It is so exciting to watch God work!

Also, I wanted to let you all know that we have moved and have a new address here. God provided us a townhome instead of an apartment! Apartment living in the city, though we enjoyed it, was hard on Nick and Sam because they could not just go out and play; we had to take them somewhere. They now have a basketball goal and an empty field to play in right across the street. People are always staring at them playing "American" football and baseball.

Thank you for your prayers and support,

Markie Bullock

Our new field address:
C/ Abat Real, 43
07010 Palma, Balears
España
