

June 2022

Dear Pastors, Friends, & Family,

I would like to thank all of you for your prayers and kind words. As many of you saw on Facebook, I have been rather sick. I had a fever for fifteen straight days and was in the hospital for five of those days. They could not find the cause for the fever, so we were getting a little nervous. They finally found that it was the cytomegalovirus. I am now home and resting. All the symptoms are gone; now I just get fatigued really easy. They say that the fatigue can last months, years, or even for life. So our prayer now is that the fatigue will go away sooner rather than later. I am very thankful for my wife and the Stanley family who have really had a heavy burden running the church and finishing up the remodel of our new building, all while worrying what was wrong with me and spending time with me in the hospital. That was on top on everything they all do on a regular basis. God has given me a wonderful family, ministry team, and church!

On a more exciting note, this Sunday, June 19th, our church celebrates its 3rd anniversary along with the inauguration of our new building. Last Sunday we celebrated everything God did in our old building over the last three years; we have seen souls saved, people baptized, many people come (and some go), and God do many great things. While we are very grateful for all that He is done, we look forward with great anticipation at what He has in store for us in the new building.

As you can see, there is a lot of work to do over the next few days to be ready for the inauguration, but everyone is working very hard. They are painting today and tomorrow, and the electrician is putting the lights in today. On Saturday, we will move everything over from the old building. I want to again say thank you so much to everyone who has given towards this building. Even recently we have received a few more offerings toward the building, and we are getting close to having a fully remodelled building completely paid for. God is truly doing a great miracle for our young church, and you have been a part of that miracle. So, thank you very much! I look forward to giving you an update soon on how our Sunday goes, and soon after that, a video of how the building has turned out. Thank you for all you do for us.

Thank you for your prayers and support,  
Markie Bullock
