

## Our Newest Prayer Letter

July 2022

Dear Pastors, Friends, & Family,

I hope you all are doing well. We are doing great. I am still struggling to fully recover from my illness. I still get fatigued rather easily and sometimes get dizzy and light-headed. It might be because I have been pushing myself more lately, but overall I see an improvement from week to week. Thank you so much for your continued prayers!

We have been here four and a half years now and still love Mallorca. Summer is in full swing; so, Christy and the boys are enjoying some free time. They have been up to the church a few times to help me try and finish up somethings with the remodel, and the boys go to the basketball court at least once every day.

The remodel is getting very close to completion! Next month I will get you a video so you can see how everything turned out. I would like to again say thank you. It has been amazing to watch God continue to provide! Even since the last letter, people have sent in money. It looks like we might even have enough to remodel the outside of the building. Once we are finished with the inside, we will look into doing the outside. So, thank you so much to all who gave!

In the last letter, I told you that we would be having our 3rd anniversary/inauguration service. The building still needed a decent amount of work, we had to move it back a week, and people who had committed to come did not come. To that I say, God is good, His timing is perfect, and He works in mysterious ways! We ended up with 38 people, which I believe is our highest attendance to date. More importantly, three people (who would not have been there the week before) accepted Christ as their Savior after the service! A man, who had done some work on the building that week, came with his wife, and both of them got saved. Come to find out, they were here on vacation and were headed back to Argentina that week. The other young lady that got saved found one of our invitations thrown on the ground during the week, decided to come, and accepted Christ as her Savior! So sometimes we plan and want things to perfect, and we should; however, God's plans are always perfect, even if they differ from ours. It ended up being a wonderful day, and God blessed! Thank you for praying for the service!

Thank you for your prayers and support,  
Markie Bullock
