

May 2023
Dear Pastors, Friends, & Family,

It has been a good couple of months. There have been a lot of things going on, and God has been working. We have had a few visitors recently. Two weeks ago, we had one of the leaders of the IBJM mission board and a pastor from France come in for a few days. We got to show them around the island and show them the need for more churches here. There is a possibility of one or two of their missionaries coming to work on the island. We have been praying for more missionaries to come start churches, so this would be a great answer to prayer.

This week, a good friend of mine, Andrew Whittenburg, came with his daughter to visit. We got to reminisce about old times playing on the basketball team together, talk about more current things, and serve the Lord together for a few days. It was their first time in Europe, so they even took me to Paris for a day. We got to play basketball together again, and he preached for us on Wednesday as I translated for him. It's always good to spend time with friends!

God continues to send visitors to our church. Over the last few weeks, we have had our first visitors from Holland, Poland, and Australia. We have also had a few visitors passing through on cruises, including a pastor from the U.S., and visitors from around here.

We had two young ladies come because they were invited by people in our church. Angie, 22 years old, came on a Wednesday night and Christy got to lead her to the Lord that same evening. Unfortunately, she moved that very week to one of the other islands and, of course, has not been able to come back. Nayeli, 20 years old, came on a Sunday and was asking about baptism. Christy was able to show her from the Bible that her need was for salvation first, and she also got saved! She has been coming very faithfully and meets Christy during the week for discipleship. Carlos has also begun discipling two Colombian families who have been coming for a couple of months. I am currently discipling Matias and Marlin; I was able to lead him to the Lord in his house a few months back. They live about 35 minutes away but are very faithful every Sunday. Seeing them grow has been exciting. And just yesterday before our services, I got to lead their 9 year old son, Amaro, to the Lord! On top of all that, we baptised 4 people yesterday: Matias, Amaro, Nayeli, and a young girl in our church who got saved back in the fall. God is good!

Thank you for your prayers and support,
Markie Bullock
