

Rebekah Childers
MISSIONARY TO
GRENADA

Dear Praying Friend,

February 21, 2020

The last month seems like a whirlwind of activity as I have traveled from Georgia to Florida, and then back to my sending church in Rockford, Illinois. Through the generosity of many wonderful church families, I was able to attain some necessities for the field, such as a water filter and mosquito net.

Thank you for your prayers regarding the need to schedule more deputation meetings. God has answered and provided several new churches to schedule conferences or presentations. At one of my recent meetings, I gave the children a challenge to find the island of Grenada on a small globe sitting on my display table... Each night of the conference, children excitedly came back to show me they could find it again and again. I enjoy seeing their young hearts interested in learning about other countries that need the Gospel. The children truly are the future!

The people of Lifeline Independent Baptist Church in Grenada have been incredibly busy laboring this month to construct the new church building. This will also be the location of the Christian school we endeavor to begin! Many have come alongside to assist in this, for which I am very grateful.

I have now been on deputation for 5 months. At the beginning, my departure goal was June. Though a large percentage of support has been promised, the actual amount received is not enough to realistically leave for the field by that date. Though I would love to be able to depart immediately, I also know that God has plans for my time of deputation here in the States. God has given me the privilege of touching many young hearts with the Gospel and the need for young people to surrender to serve the Lord as missionaries. Would you pray with me that God would provide the needed monthly finances for me to leave for Grenada this year? Would you also pray that He would give me a fruitful ministry as I travel and present my burden and calling to the churches?

Thank you for your faithfulness to the LORD.

Sincerely,

Rebekah Childers

Missionary to Grenada, West Indies
