

Rebekah Childers
MISSIONARY TO
GRENADA

Dear Praying Friend,

March 17, 2020

Uncertainties have definitely been present over the course of the last month, but God has shown His faithfulness throughout them. Many churches are being required to cancel or postpone services for health reasons. This creates a burden for me and many others traveling to raise support. Your prayers are vital, both in my ministry, and in the lives of all believers.

Several unexpected obstacles have occurred. While in Florida, my vehicle began experiencing several hindrances which required immediate repairs. I am very appreciative for one of my supporting churches which assisted financially to get many costly repairs done. Now, everything appears to be running efficiently!

God gave safety as I returned to my sending church in Illinois for a brief visit. I enjoyed visiting with another nearby church and was encouraged by their heart for the Lord. With the assistance of several friends, I was able to pack, and store numerous items for my home and school in Grenada. These gifts will make a remarkable difference once I leave for field!

The building process for Lifeline Independent Baptist Church (and elementary school) in Grenada is continuing to go smoothly. Unfortunately, news of the impending virus has also affected churches on the Island, resulting in many having to temporarily cancel gatherings. Ultimately, they know God is in complete control, and strive to use the time for study, prayer, and rest, which will lead to a stronger, more vibrant ministry for the future.

Lord willing, on March 20th, I will be driving to a conference in Ontario, Canada. Due to the heightened health regulations and travel guidelines currently in place by both governments, I am still praying for an uneventful trip. Upon completion of that conference, I will be heading to several northern states for meetings during the next month. Please pray with me that my immune system will withstand any sickness in which I am exposed, and for fruitful meetings.

Thanks for your faithful prayers and support. You are truly a blessing to me.

Sincerely,
Rebekah Childers
Missionary to Grenada
