**GRENADA**

Dear Praying Friend,

August 2020

God has continued to illustrate His love and faithfulness this month! During August, I enjoyed presenting my burden for Grenada at several churches. Please pray more individuals and churches will take part financially and through prayer. Though several meetings were canceled due to the pandemic, God continues to show me that He is truly enough.

There were several deputation highlights from this month. It was a joy to see some good friends in North Carolina while visiting the church I was a member during my years in Bible college. Another meeting was also a huge blessing as I met fellow believers with a heart for world missions. The church voted and committed to monthly support during the evening service. Every meeting during my ministry of deputation has taught me valuable lessons and increased my dependence on the Lord.

As a huge answer to prayer, eighty-seven percent of the needed monthly support is now promised... Though some have not yet been able to give, I trust in God's timing for the provision. Please continue to pray for additional funds to come in towards the startup fund and that Grenada will open again soon to US travelers.

Through medical treatments, I am already noticing marked differences in my health and am thankful for God's grace and strength each day. I am truly humbled and grateful for the two churches and an individual that have given financially to help in this area.

Thank you for loving and serving our Savior.

Sincerely,

Rebekah Childers

Missionary to Grenada
