

# Merry Christmas

Dear Praying Friends,

During this season of thankfulness and celebration of our Savior, I just wanted to say thank you for investing through prayers and support as I endeavor to share the free gift of salvation with the people of Grenada.

My brother Joseph was driving in Grenada when the brakes failed on his vehicle, causing his van to be destroyed after rolling and falling about 20 feet... God spared his life and kept him from getting seriously injured. Despite being very sore, he was still able to preach at church the day after the accident. Please pray for provision for him to purchase a new vehicle and physical healing.

This has been a busy month of preparations and anticipation! The availability of the original home I was looking into renting on the island seemed questionable. We were able to find another lower level of a home with affordable rent and some furnishings and discussed a contract beginning in January 2021. If all of the promised support comes in as expected in January, I should be at 100% of my needed monthly finances! Please pray for continued provision and that my last scheduled meetings will go smoothly.

Thank you for your faithful prayers and support. I am rejoicing in God's goodness and provision this year! Have a truly blessed Christmas as you remember the birth of Jesus Christ and a refreshing start to the new year.

Sincerely,  
Rebekah Childers  
Missionary to Grenada
