

January 2021

Greetings From Grenada!

Thank you for your faithful prayers and support! I arrived to the Island on January 26th, 2021. The flight was smooth and uneventful, lasting about 4.5 hours. Your prayers for safety were answered!

I am almost finished the mandatory quarantine, which has been a restful and quiet time. Pending Covid-19 testing results, I am looking forward to attending church for Grenada's Independence Day the first week of February.

In just the short time that I have been in Grenada, God has given me several opportunities to experience the culture and food here. I was able to stay at a bed & breakfast owned by an Australian woman. Please pray that she will soften her heart towards God and choose to trust Jesus as her Savior.

This week, I am anticipating moving into my rented home and unpacking once my supplies arrive from Miami. Please pray for finances to cover customs costs and a few more needed personal items.

I was encouraged to receive seven letters from American children during January. Children truly are the future and it's exciting to see and hear of their hearts for the LORD. I thank the LORD for you!

Sincerely,
Rebekah Childers
Missionary to Grenada
