

May 2021

Greetings From Grenada!

This has been a challenging but rewarding month here in Grenada. God has provided multiple situations to teach me that He is trustworthy and always only good.

Please continue to pray for us! More preparations have been made as we prayerfully desire to begin Lifeline Baptist Christian Academy in September. We had a government inspection and are now awaiting their decision. Thank you to those who have been so generous in helping us with supplies and curriculum needs! Though it will be small, we excitedly endeavor to provide a quality, Christ-centered education to those God brings into the school. Pray that my monthly financial support levels would increase and for supplies needs to be met.

Following a youth meeting, God gave me the privilege to lead a thirteen-year-old girl to Christ. She had been coming to Sunday school and church for years but had not yet made a profession of faith. Please continue to pray for the souls of the people here. Pray that those that have accepted Christ will choose to follow the Lord in baptism and in other areas of Christian growth.

This month, we had a youth night, Girl's craft night, and will finish off with a special game day for the youth girls and younger children. Attendance has decreased in my Sunday school class slowly, but I am praying that these activities and teaching times will help re-ignite a desire in the youth to know Christ and become more faithful.

Thank you for your continued service and heart for our Lord. You are a blessing to me.

Because He Lives,
Rebekah Childers
Missionary to Grenada
