

June 2021

Greetings From Grenada!

God has reminded me of His faithfulness this month! We have received conditional approval for Lifeline Baptist Christian Academy to begin in September. Thank you so much to each one that has given supplies, monies, and books for this ministry! We are planning for a small enrollment the first year but believe God will work in our humble beginnings. God has blessed us with the capacity to have two elementary classrooms and teachers, which will allow for better individualized education. Please pray for the students, parents, and administration as we strive to teach the next generation academically and, above all, spiritually.

Please pray for my financial situation, as I attempt to raise more support to make up for a monthly deficit. My prayerful desire is to see the needed support amounts coming in more consistently, especially as ministry responsibilities escalate with the starting of the Academy.

The youth girls' Sunday school ministry has faced a few obstacles this last month, resulting in lower attendance. Each month, we also have a girls' game night and an all-youth meeting. It is encouraging that four of the girls are coming regularly to the midweek service at church as well. One youth girl trusted Christ this last month through the soul winning outreach and started coming to weekly services and events! Your prayers are so important to me as I continue to teach these girls about the need for a personal walk with the LORD.

As the Island is now in its "rainy season," heat and humidity are increasing. Please pray as I continue to adjust to the cultural and environmental differences here. I am thankful for relatively good health and the strength God has been giving in daily life on the mission field.

Thank you for your faithfulness to the LORD and giving to worldwide missions.

In His Grace,  
Rebekah Childers  
Missionary to Grenada
