**GRENADA**

Dear Praying Friend,

January 2022

Your prayers, giving, and encouragement have meant so much to me! Thank you to each one that has given to assist with medical and vehicle funds. I am looking forward to purchasing a vehicle as soon as my American driver's license renewal issue is resolved.

My youth girl's ministry has helped me to become a stronger leader. Some of the girls have started to show greater interest in the things of God. They are enjoying the new challenge of memorizing Romans 8 as a group. We are back to our consistent monthly activities and weekly Sunday school. Please continue to pray for the salvation of each one that is lost in their sin.

Both of my kindergarten students are beginning to learn to read and spell simple words. Watching them grow academically has been very encouraging! Please with me that they would develop a heart for the things of God and open their hearts to Him. Hearing them sing "I Have Decided to Follow Jesus" and "Jesus Loves Me" is so precious, but I long for the day when they truly understand the depth of those words.

I am very excited to see God working in many areas here in Grenada. Though Covid cases are rising, school remains open. We have seen much interest in parents wanting to send their children to school as we are beginning to advertise. Though our numbers during the 2021-2022 school year were very small due our late notice approval with government, we are looking forward to expanding the grades offered. Several national teachers plan to join our endeavors this year. Would you join us in prayer about the upcoming projects?

Thank you for serving and loving our Lord.

Sincerely,  
Rebekah Childers
