GRENADA

Dear Praying Friend,

April-May

Thank you for your continued prayers on my behalf. I am amazed at the goodness and provision of our great God.

During the last two months, I started having several concerning medical issues. Medical treatment and diagnosis are very limited in Grenada. After much prayer and counsel, my sending church and mission agency are in full support of me returning to the United States for testing. My prayerful desire is to return to the field in a timely manner. Please pray for wisdom, safety, finances, and physical healing. I will be traveling to the States on May 20-21st. Pray for access to the right doctors and tests to get the needed answers and healing as quickly as possible.

In my absence, a Grenadian national will be filling in to teach my kindergarten students. Please pray for the students and substitute as she works to help the children academically and spiritually. We have about ten weeks left in our final school term and the children continue to show progress in their learning. We are looking forward to a larger enrollment and upcoming building projects in preparation for the new school year in September.

Please pray for the continued faithfulness of my youth girls while I am away. Pray that they would each truly develop a personal relationship with God. It was a blessing to see one youth girl follow the LORD in believers' baptism in April, following her decision to trust in Christ.

Your faithful giving has helped make the ministry here possible! Thanks for your heart for worldwide missions.

Sincerely,
Rebekah Childers
