

Dear Praying Friends,

December 2022

As I continue on my medical furlough, I am thankful to hear of all that God is still doing on the Island! Please pray for the finances, teachers, and students at the school and church. All of the Academy children had a bus trip into St. Georges, Grenada, which they all seemed to enjoy. They were able to see a fire station, park, and House of Chocolate. Please pray for their spiritual growth. One of the boys in the school trusted Jesus Christ as his Savior recently!

Please pray for Lifeline Independent Baptist Church as it continues to grow. Pray that more men and families will come. Pray that the church financial needs will be met.

Though my support level has dropped slightly since my return to the US, I am thankful for God's unceasing provision of my needs. This year had many unexpected turns, but God is faithful! My health is slowly improving and I am very thankful for your continued prayers.

May the Christ of Christmas help you to have a joyous, peaceful holiday season and New Year to come! I am excited about the blessings we will see in 2023. MERRY CHRISTMAS!

In Christ,  
*Rebekah Childers*
