Here's what has happened in the last three months and what's to come!

## Thank Y'all

I want to say thank you to all of y'all that have been praying for me over the last few months. Also, a big thanks to everyone who gave toward my flight school as well as Christmas gifts. During the month of October, I traveled to missions conferences and meetings in southern California and was ordained at my sending church in Fremont, California.

## Flight Training

In December, I started a three-month program to obtain my private pilot's license with Aero Missions in Sylacauga, Alabama. Going through flight training will help me greatly in reaching remote villages in the Amazon, as it would cost thousands to hire a private pilot for transportation in the Amazon. My plan is to continue to raise support mostly in the Alabama area as I finish flight training in March 2026.

## Future Traveling Plans

After I finish flight school, I plan to travel to Texas for most of the month of March before heading to California. Lord willing, I will start language school with Igreja Batista Nova Vida, an independent Baptist church that teaches Portuguese. I plan to start classes in March 2026, online, and continue in-person learning once I arrive in Brazil.

## Flying Out to Brazil

I've started the process to obtain my Brazilian religious visa, and I am making plans to head to Brazil by May or June 2026. Lord willing, I will fly to the state of São Paulo, Brazil, and work with a Baptist church there as I finish my language school.

In Christ,

*Noah Clarke*
