Dear Praying Friends,

I was pretty excited a couple of weekends ago when **Rafaela** told me she wanted to come out to our church service. Rafaela said that the more she learns, the more questions she has. We work through Biblical answers, and I give her Scripture references to go back and read. The desire is to get her connected with the closest church to her—the one in Ponta Grossa. Please continue to pray for her growth and her family. With her mom losing her job and suffering the recent loss of a family member, her mom has been more open to a visit. I appreciate your prayers for this family.

Shortly after my last update, Pastor Nathan was able to baptize **Carol**, who is married to the mechanic. It was a blessing to see her desire to get baptized despite the chilly morning and water. Please continue to remember this ministry in prayer.

About three weeks ago, **Pamela** and Douglas opened a fruit and convenience market. Pastor Michael, Tammy, and I went out to participate in an inauguration for this new business. Pamela is the young lady who placed her faith in Christ last October. When we realized she was selling alcohol and lottery tickets, Bro. Mike went through the Scriptures to explain how these things did not honor the Lord. In the following weeks, as she feared offending Douglas, she spoke of her own grievance in spirit each day in not obeying the Lord. This past week, she vocalized the decision not to continue selling these items.

Please pray for Douglas's salvation and for Pamela as she continues to make spiritual decisions in her growing relationship with the Lord. Bro. Mike and Tammy have been able to start a Bible study with her.

Please keep praying for our children's outreach in Lami. Praise the Lord so many are coming out faithfully! We've had a couple of kids respond to the gospel and we are praying for the Holy Spirit to continue working in their hearts. I am thankful for a young lady, also named Tati 🙏, who comes faithfully to services and is my visiting partner. She has a servant's heart and is a blessing to the church body in helping wherever there is a need. She's starting college online and praying for the Lord's direction in her life. I appreciate you remembering her in prayer!

For the next four weeks I am hosting a visit from a young lady, **Jemima**, who attends the Bible college in Curitiba. She is from Manaus, Amazonas; actually, the same neighborhood my cousins live in. During this month break from classes, she is excited about being plugged into ministry. We are excited, too.

Thank you for holding the ropes and praying for the ministry here!
