

October 6, 2011

Dear Brethren,

With the gracious help of Pastor James we have been able to lease some land for an agricultural project for our church members. Pastor Christopher is going to start a farm here and move onto this land. It will serve as employment opportunities for our members. We wanted to share this [video](#) and pictures of this endeavor with you. Thank you for supporting us in this project.

In His service,
Pastor Allinson Dacosta
