## Major Changes!

The last two months have certainly not been uneventful! While we did not have any meetings, we had our hands full and then some!

### *Job Resignation*

As you may recall from my last prayer letter, I submitted my resignation from my job at the FDA at the end of February, marking my last day at March 15th. A week before I handed my resignation, I was offered a promotion that will quite certainly lead to a six figure salary position several years down the road, but I could not picture myself doing that work. I only see myself doing the work of the Lord, nothing else gives me such satisfaction. It still feels a bit surreal, it's hard to believe it's a thing in the past now after spending my formative years there. As I viewed the FDA campus for the last time in the rearview mirror, I felt as if a big burden has been lifted off from my shoulders.

Thanks to the “warm-up” period from the government shutdown last January, it did not take long for me to get into the habit of calling churches almost everyday. It is certainly much more effective and a lot less draining than when I was trying to make those calls before I went to work each morning. My schedule for the summer is filling up faster than before!

### *Unto us, a son is given!*

My apologies to those who haven't heard yet, we tried to inform as many people as we could. On April 2nd, Aiden Jude Dundon was born to this world! He weighed 6 pounds, 12 ounces. We're still in shock that we have a child now, especially after being married for seven years. The weeks after he was born were certainly a big adjustment for us but Aiden has made us much more thankful and grateful to God for all of His blessings. Truly,

Jesus' words are true: "...I am come that they might have life, and that they might have it more abundantly." (John 10:10) In addition to eternal life, we never cease to be amazed at what else God has given us.

I am especially thankful for God leading me to quit my old job before the baby was born. This allows me to spend much more time with my son while doing deputation work. If not for that, I would have had to go back to work by now and miss that time with him. Many of our unsaved family thinks we're crazy for quitting our jobs with a baby on the way!

We surely love him to bits!

*Support Increase*

Since our last prayer letter, our support went up from 14% to 16%!

*Prayer Requests*

- For our support to increase.
- For more meetings in 2019. June is mostly full while July and August have many empty slots. We have nothing for September and beyond.
- For us as new parents!
