

December 4, 2018

Dear Pastors and Praying Friends,

Greeting and kaselelia to you all. I want to begin by thanking God for your prayers and financial gifts. I try to remind myself often of Paul's word to Philemon verse 29.....thou owest unto me even thine own self..." We don't deserve any gift from God. I am in debt to you, supporting Churches, Wone Baptist church members and others as well. Thank you all.

I would like to mention few of our prayers if you all could continue to pray with us in these matters:

- Praise...thank you for praying for my wife's safe delivery. God has added another member to our family. Her name is Cadence Eliam. She was born on October 15. She weighed 5 pounds and 7 ounces. The doctor thinks she was premature because her due date was supposed to be December but she seems to be fine.
- Continue to pray that God would save and add others to His kingdom in the community we are ministering and in the municipality of Kittu where we are visiting and passing out gospel tracts.
- Please continue to pray for the land situation. One of our men and I visited the Legal services office and one of the attorneys assured us that our papers are legal and are okay. Just pray that God would work in the hearts of those hindering us so we can begin with the access road. I visited the land owner's eldest brother yesterday. The visit was not successful. He and the Queen (queen of Kittu municipality) want to stop and discourage us from building the church. They all agreed they would split the land among themselves but after they heard that their brother (who happens to be our deacon) has giving part of his land to the church they want to stop that from happening. Please pray with us for this matter.
- Please pray with us for a church van. We do not have a vehicle at this moment to bring people to the services.

Again, thank you Pastors and Praying Friends.
Clayton & Linda Eliam
