

Kaselelia and Greetings again from the island of Pohnpei.

It is been a very busy but fruitful summer. Thank God and thank you all for your prayers. Reminiscing on the months of June and July, I echoed what one author said...."much prayer, much power, little prayer, little power and no prayer, no power". We truly serve a great and wonderful God! He saved us from our sins. He supplies what we need in order to serve Him (1Pe 4:11 ... "if any man minister, let him do it as of the ability **which God giveth**"). And He also rewards us.

We are privileged to have our young man and all our young women who had gone to Bible College to come for summer vacation. Last week when many of them started to leave for college, the church people acknowledged that they had helped a lot during the summer. They had helped with the Baptist churches' summer camp. They helped with Sunday school, preaching (in our church and other Baptist churches as well) and Vacation Bible School. God had saved three young people from our church during the summer camp and several children during the Vacation Bible School. Pray for these young people and children and pray for their parents' that they may come to know God as their personal Lord and Savior. Rom 10:1 Brethren, my **heart's desire and prayer** to God for Israel is, that they might be saved.

The following are some prayer requests. Please pray with me, my wife and the church people for these matters:

I have mentioned in the previous letters that we are moving from the church property in December. We are going to the new property. We know we are going to face opposition (pray for wisdom, boldness) but we will build a hut church enough to accommodate our church family. Our plan is not to build a solid structure yet but in the future, when we will be given access (permit for earth moving) for vehicles and to clear the land then we will consider a solid structure or concrete sanctuary. Please pray specifically for this matter. Pray also for my family (wife and children). The church is moving and that means we (family) will have to move from the parsonage and find a place to stay. God has been so good to my family all these years! We are privileged to live in a house where another missionary family (The Schell's family) had build. We knew that day would come and it's finally coming to the end of the land lease. Linda and I want to build something on my parent's land. We could not build on the new property because of the present situation or opposition we are facing. I don't want my children to face that again. The land we are currently staying has land dispute- a dispute that started even before my wife and I moved here. I remember one time after Linda and I (no children yet) came from town and our doors (the parsonage and the church) had pad locks and we were not able to go inside the two building. We knew it was the landlord. Some times later, they came with their machetes standing outside our windows and arguing to us. It was through the help of another missionary (Dave and Ruthann) couple that the court issued the landlord and the family a restraining order. The problem did not all cease but we were able to have services and continue to live in the parsonage. Praise God.... Because of HIS grace we continue to have services and

live in the house, and we witnessed God save families, young men, young women, and children. Linda and I have talked to one of the construction contractors. He has given us a plan for a house of \$35,000. Please pray with us for this matter. God has already done wonderful and great deeds toward us in the past by putting us into a ministry and house that we never build. There is no bank or other company here to loan us the money. We are looking for someone to loan us the money to build. Rentals are expensive, but my Dad will allow us to build on his property. Phil. 4:19 But **my God shall supply all your need** according to his riches in glory by Christ Jesus.

One of the children during the week of Vacation Bible School that got saved. He kept crying even through the end of the service...
