

Kasehlelie and greetings from Pohnpei. Firstly, I want to thank God for everything He has done for this church family. Our original plan was to complete phase one of the church building within three months, but it took us more than two years to do so. Phase one of the church building has finally been completed, and we praise God for it. My sincere thanks go out to you all for your financial, prayer, and physical contributions towards the building of our church. We held our first service in the new building last Sunday, September 10th. I have included some photos of the building's progress, of our first service, and of some of our ministries. Please pray for these requests:

Please pray for our children. Pray for those who claim to be saved that they will fear God, and that God would remove from their lives any relationship that is not according to His will. Pray for the two young ones to come to know Christ as their personal Lord and Savior. Pray for Linda and me that we will set the right example for our children. Please pray that we trust God in everything.

Please pray that we (church family) will always be faithful to share the gospel of Christ and to disciple those who put their put their faith in Christ and repent of their sins. One of my prayers is that God would add another family to the church. **Act 2:47 Praising God, and having favour with all the people. And the Lord added to the church daily such as should be saved.**

Pray that God continues to provide our needs for the building. We need to add a restroom as soon as possible.

Praise the Lord, He has provided us a flatbed truck and a cement mixer. God, thank you for these contributions toward the church building.

Held a short service with a 94-year-old elderly woman.

A visit to one of the church member's mothers, who is 94 years old. She still can listen and still understand when you are talking to her.

Privileged to speak at the summer youth camp held at a local resort.
