

Merry Christmas! and greetings from the island of Pohnpei. On behalf of our family, I would like to thank you all for your prayers and generosity.

At the beginning of November, our Sunday school children were singing about God's love, which was the theme of October. My son, Timothy, eight years old, was singing and tears were coming down his eyes. I took him aside after their special song and asked if anything was wrong. He said, "I am not doing what I should be doing for God." I realized that the Sunday school theme had deeply affected him. I often encounter truth without it moving me. Paul says that one of the things that compels us is the love of Christ.

We want to thank you all for your prayers and beg you to continue to uphold us through your prayers. Please pray that we reach the people in this community with the Gospel of Jesus Christ.

We invited Brother Mike Schell and his wife, Ruth, who helped establish the work here in Wone, to speak in our four-day meetings. Many of the people are so excited to see them back. Praise the Lord for using them and for their faithfulness in coming to Pohnpei.

Prayer Requests:

- Pray for my family. Pray for our son, Nathan, to know what God wants him to do. He is currently attending the College of Micronesia. Pray for the youngest daughter, Cadance's salvation, and pray for the other children as well.
- 
- Please also pray for our church. I told the people during our four-day meeting to pray for us. We have been so busy building the church, but we want to be faithful in building people's lives too. Please pray that God strengthens our spiritual lives. Pray for the salvation of the people in the community.

We praise the Lord that we can have a restroom for the church building. Thank you all. When the Lord provides in the future, we will concrete some parts of the road and build a concrete wall.

We want to thank you all, pastors and friends. We truly appreciate what you've done for my family and church.

In His Service,

Clayton, Linda, Cheryl, Nathan, Hadessah, Keila, Timothy and Cadance

Our newly restroom building
