Dear Pastors & Praying Friends,

November/December 2022

First of all, we would like to say thank you to all those who have sent Christmas cards and gifts. What a great blessing you all have been to us this year! We are amazed at the churches and individuals that God has allowed us to partner with over the years to reach Kosrae with the Gospel of Christ.

This year, our Sunday School put on a Christmas play from Luke 2. They practiced for the past couple of months. We had costumes and even a stable for them. On Christmas day, we had five visitors and the play went well until young Jesus did not want to be there when the wise men showed up—lots of crying he made! But what a blessing to see people that don't normally come to our services come to see family and grandchild in the play.

One of our young families lost their father in December. He was one that we had visited in the hospital this year. He never made a profession of faith when I was there but had the knowledge of salvation. Please pray for the family as our members try and reach them with the Gospel.

We have seen a few of our old members return to the island. William has finally made it back, but please continue praying for his wife Sepe's cancer treatments in the states. Also, the man that actually built our church building has finally returned to the island. He has not been here since we came. Another man, who left for a job, recently returned as well. It is nice to have three faithful men in every one of our services.

Thank you for your prayers for Megan! We did not see much improvement from the massages, but it has been raining here a lot more, which seems to help her out. In a previous prayer letter, we requested prayer for Emily and her breathing issues.

At first, we hear them say, "Lung Covid" but what they were really saying is, "Long Covid." She does not have issues all the time, but here and there she will have trouble breathing. We have done as much testing as possible here and have even sent some of the results to a doctor in the states, but really no true answers on what is causing these problems.

Speaking of the girls, we had a new little shop open up here that is selling soft serve ice cream and smoothies. We are always careful where the water comes from for drinks, but Emily and Lauren asked if they could drink the smoothies with a life-straw. Oh, the joys of living in the tropics!

Recently, we have had several of our members being pulled into some false teachings based on works. We have been able to address these false teachings and need your prayers as the devil is always on the attack.

Beginning in the next few weeks is our weekly radio program and jail ministry. The radio station has been down, but will soon be fixed and they have yet to allow us back in the jail since Covid. Please pray for these ministries!

The Fetter Family—Daniel, Megan, Emily, and Lauren
