

Lens of the Harvest

A ministry with a passion to use the power of video to cause people to look on the Harvest Fields of the World.

Update

Humanly speaking, we could say that Lens of the Harvest has started out very slow. Over the last few months we have continued to pray for God's clear guidance and direction in this new ministry. We desire that God would bring about opportunities for us to use this ministry to help others.

The new year started, and the opportunities seemed limited. As the cold weather came in, God clearly opened a door for Nathan to work for the energy company he had worked at several years ago. January and February were spent primarily delivering propane. During that time we took two weekends to assist [Servant's Heart Camp](#) with the winter teen retreats. Nathan produced the weekend highlight videos, and Hannah helped in the kitchen.

We are excited to report that God gave us several opportunities to produce videos in April. At the beginning of the month we travelled to Staten Island, New York to assist Pastor David Wilt and [Liberty View Baptist Church](#). We spent five days capturing footage and seeing New York City. One of our highlights was recording the testimonies of various church members. It was a privilege to record their stories of how they had found hope in Jesus Christ.

While we were in NYC we realized that we were "half way" to Massachusetts where Hannah has some family. We decided to make the trip and enjoyed spending the next week fellowshiping with various family members. We especially enjoyed celebrating the resurrection of our Lord with family.

After returning from Massachusetts, we spent a few days at home before setting off on the road again. This trip started off by participating in the Servant's Heart Camp teen rally. Almost fifty teens from seven churches gathered together for a day of Bible quizzing, games, food, fellowship and preaching. Nathan was able to serve as a quiz-master in one of the quizzing rooms.

The following day we continued on to East Goshen, Pa where we spent a full Sunday with Pastor Steve Walker and East Goshen Bible Church. Once again we captured the events of their Sunday services as well as testimonies from church members; we will be producing a promotional video for East Goshen Bible Church.

Thank you for your continued interest, prayer, and support of our ministry.

Nathan and Hannah
Lens of the Harvest

Prayer Requests

Please pray that...

- God would give us more opportunities to produce videos for churches and especially missionaries.
- The Lord would open up the door for us to take at least one over-seas trip to help a missionary in 2017.
- God would provide our financial needs so that we can continue to help ministries produce videos.
- We would be able to find a reliable vehicle for our travels.

Praises

- God gave us two wonderful trips in the month of April
- We were able to purchase a new video drone that is much smaller to take on our travels.
- God has shown Himself faithful and always on time.

This is one of two videos that we produced at Liberty View Baptist Church. The second one (still under production) will be a longer update video for the Wilts' supporting churches.
