

Praying Friends,

Last week our family returned from our longest trip to date. We spent 9.5 weeks traveling, filming, planning for future videos, presenting the ministry, and editing.

On this trip we:

We traveled approximately 4100 miles by vehicle and several thousand more by airplane.

We visited or passed through 10 states.

We visited the country of Ecuador.

We slept in 9 different places including a hotel, prophet's chambers, a travel trailer, an Airbnb, and a missionary's home.

We reported to one supporting church.

We presented the ministry in 4 new churches (one church has partnered with us.)

We worked to film 8 different videos.

- 2 Churches
- 2 Missionaries
- 1 Mission Board
- 1 Christian School
- 1 Bible Printing Ministry
- 1 Keychain Ministry (a means of soul winning)

We captured 1.3 Terabytes of video footage.

We recognize that all of this is accomplished because of God's people. Every time we filled up with gas, or sat down at a meal, or stood behind a camera, it was because of you giving for the cause of Christ.

June 2024

One of the highlights of this trip was the 10 days that we spent in Quito, Ecuador. This trip was particularly special because it was the first time in years that we have been able to make a trip like this as a family. We enjoyed learning about and filming the ministry of the Ackeret family in Quito; we look forward to completing their furlough video soon.

Most of our time was spent in the city, but we were excited to get out one day and see some of the beautiful landscapes. Just writing this letter makes us realize how difficult it is to put what one sees on the mission field into words. We are so excited to show you Ecuador through our lens, but the video is still in progress.

When we returned to North Carolina, after our trip to Ecuador, we had a few days to rest and then traveled to Georgia for a few more projects. Filming for the Macedonia Baptist World Mission's Reach the World Youth Conference was a whirlwind of a day. Then we spent the next week working with Peoples Baptist Church and Academy in McDonough, GA. We are thankful for each of these opportunities.

If you would like to watch the videos we are working on as they are completed, please follow our Lens of the Harvest YouTube channel.

From Georgia, we moved on to Florida where we had several deputation meetings, worked with a missionary on a video, and also had time to start editing some of the videos from the first portion of the trip.

June 2024

We completed our trip at Mount Pisgah Baptist Church in Tennessee, where we worked on three different video projects. Filming at the Mount Pisgah Print Shop was a highlight for our children. They enjoyed watching and learning about the printing ministry, playing in scrap paper, and even helping to collate some scriptures.

If you would like to keep up with our ministry on a more regular basis, please follow our Lens of the Harvest Facebook page.

The next few weeks will be spent at home. We are looking forward to a little time to catch up and also finish the production of the remaining videos from this trip. We are very excited about the opportunity that God has opened for us to go to Alaska at the end of July. Please pray with us as the ideas and vision for this unique video begin to develop.

Thank you so much for your continued prayers for our ministry.

Nathan, Hannah, Grace and Micah
Lens of the Harvest

Congratulations to Grace on her completion of Kindergarten! Even though we homeschool and are one the road a lot, she still got to enjoy graduating.
