

Dear Pastor and Church Family,

Just as each church around the world that has been touched by the dreaded word "Coronavirus," we too are continuing to deal with its effects. As a church family we can't help but praise God that we have remained healthy. In January, we entered weekend quarantine after having enjoyed a short reprieve in December. Until then, our small city had escaped full lockdown during the whole pandemic until the middle of March. A year in, we were placed in full quarantine and are awaiting advancement to the next phase which will be weekend quarantine once again. We are only allowed two police approved outings per week for two hours at a time. It's unbelievable how fast two hours can pass! Unfortunately, we have been forced to continue services online, but we are thankful that we can still meet.

of their desire to serve Christ. It is Salvador and Roselin's desire to study and prepare to be missionaries to Italy.

During our summer months before lockdown, our church experienced the privilege of seeing five souls baptized, including our our own daughter, Leah. It was not as we had hoped, due to Covid restrictions, but we made it possible by using various pools of our church families. The first baptisms were of a young married couple. It was a blessing to see a husband and wife, side by side, openly testifying of their faith and

I was also privileged to baptize Solange. Although both her father and brother are unsaved, they were present to witness her act of obedience to her Savior. Valerie was also baptized. Even though she is twelve and has been through more than what most adults have experienced, she has a fervent desire to serve the Lord and share her faith with others. And of course our dear Leah. Words cannot express our joy at seeing our daughter take this first step of obedience in her walk with God. Although separated by a continent and many miles, with the help of dear brothers in Christ, we were able to live stream her baptism with our home church. Technology does have its benefits. We are praying that God keeps her heart tender toward Him and others. Pray for each of these young Christians that they will be strengthened in the inner man, walk worthy of the Lord, and bring Him glory with their life.

We have a planned furlough for 2022. If you would like our family to come and update your church about the ministry here in Chile, please contact me. We would be happy to accommodate as many as possible.

Thank you for faithfully praying for our family and ministry. We are praying for you as we know that you too are continuing to navigate through these unprecedented times. May our God be glorified as we serve Him until He comes.
