

May 2014

Dear Praying Friends,

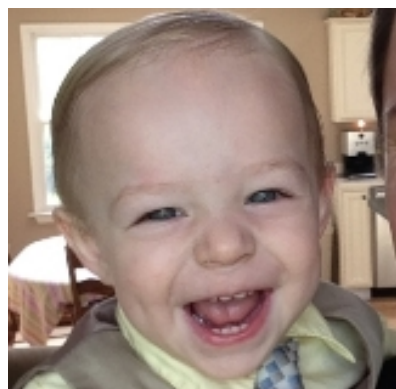

Psalm 127:3 says, *"Lo, children are an heritage from the LORD; and the fruit of the womb is His reward."* We are thankful for God's little blessing He is sending us in December 2014.

It seems as if we were just writing about what the Lord was doing in April, and now May has come and gone! We were able to present the ministry in four more churches this month in northern New Jersey and in central and northern Virginia. We also visited two more of our supporting churches while traveling to our destinations. We are always thankful for the awesome privilege to share with others what God has called us to do in the Dominican Republic as well as to minister to His people in so many places.

Praise the Lord for His continued grace in bringing our actual support level to 46% and our promised support to over halfway! He has also helped us raise over \$10,000 of the \$25,000 needed for our set up costs on the field. We would love for you to [visit our website](http://www.germanos2dr.wordpress.com) and see the things He has already provided. Please continue to pray along with us that we will be able to depart for the Dominican Republic by summer 2015.

Serving a Great God,
The Germano Family
