Thank you for those of you who have been praying for us as we transitioned back from the Dominican Republic to furlough. We still are adjusting to traveling again. Living on an island, we were not accustomed to longer road trips, but in the last two months we have traveled many places. The kids are adjusting well to life on the road and trips to many unfamiliar places. We are thankful that many times they see it as an adventure and something new.

We have been able to visit twelve of our churches so far along with one new church. It has been a blessing to see many familiar faces as well as meet new members in our supporting churches. They have taken such good care of us while we were on the field and since we have been back. On a personal note, we enjoyed celebrating with Stephanie's family as her brother and his fiancé were married in Ohio. Also in June, we participated in our mission agency's family week. It is a four day conference of encouragement for all of the World Wide family. Tim was able to share one of the mornings on what he has learned as we have served as missionaries.

We have been setting aside funds for our move to Barahona as well as for the initial costs of the new church plant. We have been amazed watching how God has brought in so much of the need already. We are already almost halfway there with our personal needs to move as well as with the fund for the new church plant. Please pray as we raise this money for the new work as well as pray that even now God would begin working on the hearts of those who live in Barahona.

Following Him,
The Germano Family
