

# Germano Family Update

## Looking Behind

It has been exciting to look back at what the Lord has done over the past two months. Beginning with just a few people, we have seen more and more of our neighbors participate in the Bible study. Stephanie's class for the children is also growing, and we had to move them to a bigger room to accommodate all of them. As far as our outreaches, things have slowed considerably recently with the surge in Covid-19 cases. We are back under restrictions and curfews which have hindered the start of our adult English classes, and we had to cancel a big evangelism push with those from New Life in the capitol due to the elevated cases. However, we are grateful that we still can meet for our Sunday morning Bible study. We enjoyed a visit from Stephanie's parents during June, and her dad preached and her mom taught during their trip. We also celebrated Elena's Kindergarten graduation while they were here.

## Looking Ahead

Lord willing, we will begin our English Classes for the adults as soon as the curfew is moved backed. Stephanie will start her Kid's English camp this week during the day, and she is looking forward to using this to not just give back to the community but also to share the gospel with the children in the neighborhood. We are also waiting on the decline of the new cases to plan our VBS. Tentatively, we are aiming for the end of July or the beginning of August. Please pray for us as we seek to best minister here in the community with the increased restrictions. We are asking prayer as well for wisdom about when to officially organize the church. We have a few families coming faithfully, and we are praying for more to join us in the coming months.

God bless,  
The Germanos

## Praises:

- Growth in the Bible Study
- New visitors and attenders
- Elena's graduation
- Great visit with family
- Wonderful Father's Day

## Prayer Needs:

- Bible Study
- Decline in Covid cases
- English classes
- Summer VBS
- Opportunities to witness
- Final stages for our visa
