LOOKING BEHIND

We are grateful for the blessings we have received in Barahona over the past two months! Our services have seen an increase in new visitors, some of whom have become regular attendees and have participated in church activities. We also had good attendance in each of our youth meetings in May and June with new visitors. In May, Stephanie led a ladies' activity, and she taught about the importance of spiritual growth where God has planted us. In June, we welcomed a group from Calvary Baptist in Maryland to assist with our English camp for children, and this was our largest outreach event yet! The camp spots filled up quickly, and we had to close registration due to the available space at the church. Apart from teaching English, we shared God's plan of redemption from Genesis through the cross each day with the kids. We are thankful to have had the chance to meet many new children and their families through this event! Also, we were able to speak personally with a number of those in our neighborhood through canvassing during their trip.

LOOKING AHEAD

Please pray for us as we follow up with those who participated in our English camp in June as well as for those with whom we shared the gospel during canvassing alongside the group from Calvary. Our upcoming children's outreach, Vacation Bible School, will be held during July. We ask for your prayers as we work with our church to spread the wonderful truths about God through Creation and His salvation plan. We also request prayers as we search for a permanent location for Iglesia Bautista Dios con Nosotros. We are grateful for the facilities we currently rent, and we are trusting in God's guidance and provision to find a place to purchase in the future.

In Christ,
The Germanos
