

SEPTEMBER/OCTOBER 2025

GERMANO FAMILY

DOMINICAN REPUBLIC

LOOKING BEHIND

We praise the Lord for what He has done these past two months here in Barahona. We held another youth meeting at the beginning of the month with a few visitors who have returned to other services at the church. In our English classes, some of our students have successfully advanced to the next level in their English studies, and we had a short time to recognize them and their accomplishments. Additionally, Stephanie started a new program with two of our church ladies who will take turns leading the kids' class each month by teaching lessons, songs, and verses. During October, we dealt with a number of different sicknesses and viruses in our whole family, but we were so encouraged by the church as they stepped up to fill in the gaps when we were unable to participate. It is encouraging to us to see the people continue to take more responsibilities and leadership in the church. Also, at the end of October, we celebrated our 10th anniversary of moving to the island as missionaries. It has been special looking back and seeing how the Lord has worked over the past decade!

LOOKING AHEAD

We ask for your prayers for those affected in the Dominican Republic and in other nations by Hurricane Melissa. During the last week and a half of October, we received at least a foot and a half of rain. We are thankful that we did not have any damage in our home or in the church. Please pray as well for our Christmas outreaches in the coming two months and for our church's fourth anniversary service in December. We want to close our letter by thanking all of you for your faithful financial and prayer support for our family over the past years. We could not do what God has called us to do without your prayers and financial assistance.

In Christ,
The Germanos
