

MAY/JUNE 2026

GERMANO FAMILY

DOMINICAN REPUBLIC

LOOKING BEHIND

We are rejoicing after seeing the Lord work during our recent activities and outreaches. In May, Stephanie successfully completed the full discipleship program with two of our teen girls. These girls diligently read and completed four discipleship books over the past year and a half. Also in May, one of our supporting pastors and his son came to help us with various projects at the church and with our Family and Friend Day service. God worked through this activity, and the church was fuller than it has ever been! Our people really took ownership of the activity and sought to invite their family and friends. We are also grateful for a blessed Vacation Bible School during June, with many serving from our church and a great group of kids. We want to thank those who prayed for our vehicle situation. Despite a few issues and having to return a vehicle, we were able to finish the process and purchase a reliable car for the future.

LOOKING AHEAD

We are excited about repeating our Vacation Bible School with the church in the sugarcane village. Please pray for this outreach as we partner with our sister church. Additionally, we are working on plans for our annual English camp, and See the Harvest will be joining us to help with this summer outreach. We are asking for prayer that God would work through His Word in these activities, as well as in our efforts to continue to reach out to our community through canvassing and personal evangelism.

In Christ,
The Germanos
