

JULY / AUGUST 2026

GERMANO FAMILY

DOMINICAN REPUBLIC

LOOKING BEHIND

Our summer outreaches and activities have come to an end. In July, some of our church members went with us to the church in the sugarcane village to assist them with their Vacation Bible School. We surpassed the number we had planned for on the first day, and God worked through the VBS among the hearts of the kids. In August, See the Harvest joined us in our English camp. The camp was successful, and we had the opportunity to connect with many parents and families during the closing program. We are also grateful for the team's assistance in canvassing and other church projects. Later in August, we had a visit from a friend from one of our supporting churches who worked with us for a few weeks in a medical outreach in the sugarcane village, canvassing, kids' classes, and other church projects. We are truly thankful for those who make sacrifices to come and serve the Lord with us on the mission field!

LOOKING AHEAD

Starting in May, we sought to visit each of the homes in all of the neighborhoods close to our church, and we finished this push in August. Pray for those who heard the truth and who have visited our church. Please pray as well for fruit from the other outreaches, both here in Barahona and at our sister church in the sugarcane village. We would like to request your prayers for our new English class semester, which began a few weeks ago. On a personal note, please pray for us as well for a special unspoken request for our family regarding an important decision that we will be making in the coming months.

In Christ,
The Germanos
