

April News 2008

Dear Praying Friends,

The last month has been filled with things to remember both for me personally, and as a minister of the Gospel. Personally, I celebrated my 25th year since I trusted Christ as Savior (sobering thought was: “what have I done with those 25 years!”). The Lord also allowed us to have our first church service in our new building on Easter weekend and a dedication service on the first Sunday in April. There were eighty-four and ninety-two in attendance on those Sundays with a couple of folks from the community continuing to come along.

We also had the opportunity to see a couple of young people trust Christ as Savior and have seen heaps of visitors to our youth groups. We made our first payments on our church building and have moved into the house beside the church to assist with the payment of the church.

Thank you for everything you did to help us obtain this church building. I realize it was the Lord that did it, but thank you for allowing Him to use you in whatever way you were a part.

Our family is doing fine. Reese has now lost her first two teeth. Bryce is improving on his very naughty temper, and Emmalyn is slowly gaining a little weight.

Please pray for two men who have been coming for a while but have not trusted Christ as Savior. Please pray that the transition to owning property will be a smooth one (I do not believe a fight over the color of the carpet would glorify God one bit!). I have attached a couple of pictures of our first service.

Thank you for sharing in this ministry with us.

Sincerely,

Kelly
