Wesley & Kayla Grant

Missionaries to Northwest Montana

February 2019 – March 2019

I would like to first thank each of you for your prayers in the last couple of months. We have been blessed beyond measure. God allowed for us to have several meetings during these months including a few Missions Conferences. We are excited about having a couple more churches to take us on for monthly support. This brings our support level to approx. 5% of our total needed goal to get to the field. We appreciate each of you that have been faithfully supporting us, and we appreciate prayer as more churches are currently considering us as an addition to their missions programs.

We have another praise to report as well. We have been, ever since Sept. 2018, having problems with our vehicle which we now use as our primary ministry vehicle. This car has gone through a lot of mechanical issues including a blown head gasket. We are now, however, excited to share that as of Feb. 26 all of the

mechanical problems have been taken care of. This is a huge burden lifted off of our chest. I don't have enough room to get into the exact details of how everything got worked out, but I assure you that it was nothing less than God's provision. To top it all off God provided two, greatly needed, practically brand new Michelin tire for our car for only \$35 apiece.

As we continue to serve God and follow Him on this, still new, journey in our lives we are just amazed at what God does for us. There has been a few trying times such as the issues we have faced with the car, but we have no complaints to speak of. God has been taking care of it all and we have no doubt that He will continue to handle the road ahead.

Be in prayer in the coming months for our safety in travels. Our schedule will be starting to pick up heavily towards the end of May. Thank you all again for all that you do for us.

In Christ,

Wesley & Kayla Grant

Prayer Request:

- Additional Supporting Churches.
- More meetings to add to schedule.
- Safety while traveling.
- Guidance going forward.
