

Merry Christmas!

The Grant Family

Missionaries to NW Montana

October – November 2019

Dear Supporting Partners & Praying Friends,

We just want to start off first by saying thank you to each and every one of you who faithfully pray for us while we continue on this journey of deputation. To simply say that the past two months have been blessed would be a complete and total understatement. The Lord has opened many doors of opportunity and has granted us 5 new supporters as well. With these new additions we can thankfully say that we are now at 16.5% of our total monthly support goal. The Lord granted us smooth travels and safety as we traveled to meetings in South Carolina, Virginia, and Ohio during this time.

We appreciate your continued prayers for us as we will be traveling great distances in the coming New Year. One of the doors of opportunity that seems to have been opened to us is to go on another survey trip that would last from February 11, 2020 – March 2, 2020. Please pray that if it is the Lords will for us to go at this time that everything will work out financially, logistically, and mechanically to make this survey trip possible. If everything works out for us to go then we will plan to meet with some of the churches and pastors of like faith that will be nearby where the Lord has called us to go. This will undoubtedly prove to be a great building of friendships that will be helpful once we are able to make it to the field on a full-time basis.

Thank you all for everything that you have done for us thus far, as well as things still yet to come. We have already received, completely unexpected, Christmas gifts from some of our supporters and there is no way for us to convey our gratitude for all the things that have been done for us. God is so good!

Prayer Request:

- Safety in ministry trips coming up.
- Good contacts to be made.
- Provision for the journey.
- More meetings for 2020 schedule.
- Additional Support to be raised.

In Christ,

*Wesley & Kayla
